JAGUARLAND RESERVE
BOLIVIA

WILD CAT & MAMMALWATCHING EXPEDITION

+ SANTA CRUZ SPECIALIST NOCTURNAL TOUR

25·31 JULY 2027 · SEVEN DAYS AT JAGUARLAND

Arrival: 24 July | Departure: 1 August

EXCLUSIVE RESERVE ACCESS / NO CROWDS / MAXIMUM 6 GUESTS

AN EXCEPTIONAL SPECIALIST SAFARI

Seven days in the field

An intimate wildlife expedition for patient mammalwatchers, focused on fully wild felines and lowland mammals.

EXCLUSIVE PRIVATE ACCESS

During our stay, Jaguarland Reserve is reserved exclusively for this group.
No other tourist groups, no crowds · just six guests at most and dedicated guides.

WHITE-EARED TITI MONKEY

MARSH DEER

THE EXPERIENCE

Five full days plus two partial days at Jaguarland, using two private 4WD safari vehicles with no more than three tourists per vehicle. Morning and afternoon safaris are complemented by nocturnal drives using thermal imaging.

All wildlife is fully wild and unbaited. No sightings are guaranteed; weather and wildlife activity determine the daily programme.

PROGRAMME

Arrival & the first safari days

24 JUL · DAY 0

Arrival in Santa Cruz

Arrival at Viru Viru International Airport. Private airport transfer to Hampton by Hilton Santa Cruz. Group meet-and-greet at 7:30 pm. Evening at leisure. An 8:00–11:00 pm nocturnal wildlife tour is available as an optional extra for early arrivals.

25 JUL · DAY 1

Urubó to Jaguarland

7:30–9:30 am wildlife watching in Urubó for White-eared Titi Monkey, Black-tailed Marmoset, three-toed sloth and capybara. Drive via San Pedro for lunch, then onward to Jaguarland. Afternoon check-in to private 3 × 3 m safari tents; evening/night safari. All meals included.
Approx. driving: Santa Cruz to San Pedro 3 hrs; San Pedro to Jaguarland 2·3 hrs (5·6 hrs total).

26 JUL · DAY 2

Jaguarland: first full day

Morning, late-afternoon and night drives focusing on Jaguar, Ocelot and Jaguarundi. Puma is a rare possibility. Additional targets include tapir, Marsh Deer, Giant Anteater, armadillos, Tayra, Collared Peccary, Crab-eating Fox, Red Howler Monkey and birds. Thermal imaging after dark. All meals included.

RED HOWLER MONKEY

SIX-BANDED ARMADILLO

PROGRAMME

Five full days, with time to search

27 JUL · DAY 3

Jaguarland: intensive mammalwatching

Morning, afternoon and nocturnal excursions. Follow fresh tracks, recent feline activity and productive forest edges, tracks and wetlands. All meals and Jaguarland camp accommodation included.

28 JUL · DAY 4

Jaguarland: wild cats & night life

Another complete day of flexible safaris focusing on Jaguar, Ocelot, Jaguarundi and a broad variety of mammals and birds. Thermal night searching. All meals included.

29 JUL · DAY 5

Jaguarland: forests, grasslands & wetlands

Explore varied habitats for felines, primates, anteaters, deer, armadillos and other mammals. Morning, late-afternoon and night field sessions. All meals included.

30 JUL · DAY 6

Jaguarland: final full day

One further full day dedicated to target species and recent wildlife activity, including a nocturnal safari. All meals included.

31 JUL · DAY 7

Return & Santa Cruz night tour

Final early-morning Jaguarland safari, then return to Santa Cruz. Check in at Hampton Hotel (included) and rest. At approximately 8:00 pm, depart for the included specialist nocturnal tour targeting opossums, night monkeys, Brazilian Porcupine and other nocturnal fauna. Breakfast and lunch included.

01 AUG · DAY 8

Departure

Private transfer to Viru Viru International Airport for onward travel.

MAMMALS

Key mammals and sighting potential

Indicative chances based on past field experience, not guarantees for this departure. Conditions and animal movements can change the outcome.

JAGUARUNDI

OCELOT

GIANT ANTEATER

Jaguar	High – historical sightings approx. 90%
Ocelot	High – historical sightings approx. 90%
