

Northern India 2020, Marc Tessier: 2 weeks & 23 species including Tiger,

Striped Hyena, Ganges River Dolphin, Himalayan Serow, Goral, Hog Deer.

19th February to 9th March – 2020

This trip was based upon Scott Flaman report (2018), Mammal Watching®. I used public transportation (train, bus). For small distances, I used rickshaws and taxis. Trains and buses were booked in advance from <https://www.irctc.co.in/nget/train-search> and <https://www.redbus.in/>. Most of the safaris were booked 2 months before the trip but it can be difficult to get the tickets from the web sites. It could be better to book with the hotels. Weekend in Ranthambore and Corbett NP are crowded at this season. Total budget: around 1100 € (Flight included).

D1 - Wednesday 19th: Flight Toulouse (France) -> Delhi (Arrival at 2 AM).

D2 - Thursday 20th: Train Delhi -> Ranthambore NP. Hotel Paridhi Niwas near the Ranthambore Safari Booking Office. **Indian Crested Porcupine, Nilgai, Sambar** and **Indian Hare** in the bush and in the degraded forests close by the hotel.

Nilgai, Palm Squirrels

D3 - Friday 21th: Safari Ranthambore, Zone 3 (morning and evening), booked from <https://sso.rajasthan.gov.in/signin> 2 months before the trip. You can choose your zone and the vehicle : “Gipsy” local name for jeep or “Canter”, local name for bus ; give the priority to the zone! Zone 3 is probably the best zone for tiger and wildlife because you have more open habitats and lakes. I saw **Tiger** (1 female in the morning and at the same in the evening), **Ruddy Mongoose** (2), **Spotted Deer** (+++), **Sambar Deer** (+++), **Wild Boar** (++), **Rhesus Macaque** (++) , **Northern Plains Langur** (+++) , **Five-striped Palm Squirrel** (+) **Nilgai** (+).

Tiger, Ruddy Mongoose

D4 - Saturday 22th: Safari Ranthambore, Zone 1 on the morning: **1 Sloth Bear** but no tiger. The vegetation is dense, good for birds but less for mammals. Zone 2, close to zone 3. Good diversity of wildlife but no tiger sight.

Sloth Bear foraging, Northern Plains Langurs

D5 - Sunday 23th: Safari Ranthambore, Zone 9. Long drive to get there (1 h) but a nice place with a river (many birds) and less jeeps and buses! We tracked a male **Tiger** but no sight.

D6 - Monday 24th: Ranthambore-> Bharatpur by train. Visit of Keoladeo NP in the afternoon. Hotel : Falcon Guest House (A good adress!)

D7 - Tuesday 25th and D8 - Wednesday 26th: Visit of Keoladeo NP. **Grey Mongoose (3), Spotted Deer (+++), Sambar Deer (+), Wild Boar (++), Rhesus Macaque (++), Northern Plains Langur (+), Five-striped Palm Squirrel (++), Nilgai (++), Jakal (++), Flying fox (++)**. Bats going from the city to the park in the evening.

Grey Mongoose, Jakals

D9 - Thursday 27th: Train Bharatpur -> Dhaulpur. Not a place to stay for a long time but good connections by train. Boat ramp on the Madhya Pradesh side of the river to visit the Chambal sanctuary. I did a 2 hours trips in the afternoon (probably too early): **Ganges River Dolphin** (On female, a teen and a baby), **Striped Hyaena (1), Jakal (2), Rhesus Macaque, Nilgai**. Many birds, Gharials, Mugger crocodile. A morning boat trip is probably better!

Striped Hyaena, Gharial and Mugger Crocodile

D10 - Friday 28th: Train Dhaulpur -> Delhi. and night bus (sleeper) Delhi -> Nainital and Taxi Nainital -> Pangot.

D11-13 - Saturday 29th to Monday 2th of March: Pangot (Or Pangoot). Few trails go in the forest from this village. **Rhesus Macaque (++)**, **Nepal Gray Langur (++)**, **Indian Muntjac (++)**, **Sambar** (rare or hard to see). **Gorals** are in the rocky places of the forest or near Naini Peak. One **Himalayan Serow** seen near the trail which goes down and north from Pangot village to green valley birding lodge.

Nepal Gray Langur, Gorals

D14 - Tuesday 3th: Taxi Pangot-> Nainital. Afternoon around Hanuman Garhi Temple, south-west of Nainital: **Rhesus Macaque (+), Nepal Gray Langur (+)**, few Gorals in the rocky places.

D15 - Wednesday 4th: Nainital -> Ramnagar (near Jim Corbett NP). Safari in Dhela zone in the evening. Safari booked at the Jim Corbett NP Office. **Tiger (1 female), Grey Mongoose (1), Spotted Deer (+++), Sambar Deer (++), Wild Boar (++), Rhesus Macaque (++), Indian Muntjac (+), Nepal Gray Langur (++), Asian Elephant (heard but not seen), Leopard (1 seen but by one person only).**

Indian Muntjac, Tiger

D16 - Thursday 5th - Friday 6th. Safari at Dhikala for two days. Night at Dhikala forest Rest House (« Hutment » booked online : www.corbett.uk.gov.in) .**Tiger (1 female ; another female had 3 cubs in the same area but I decided to not look after to avoid harassment), Spotted Deer (+++), Sambar Deer (++), Wild Boar (++), Rhesus Macaque (++), Indian Muntjac (+), Hog Deer (++)** in the grasslands only, **Nepal Gray Langur (+), Asian Elephant (females and calves around the lake ; one female with its calf and a teen in the forest ; one old male which charged us in the forest !)**.

Asian Elephants, Hog Deer

D17 - Saturday 7th. Girija Devi Temple. **Rhesus Macaque.**

D18 - Monday 8th. Train Ramnagar -> Delhi and flight to Toulouse (France).
